

Keeping You Safe At Kula - 1

all Yoga Kula precautionary measures

We will limit capacities to allow for the advised safe distance between mats. All classes must be pre booked at least 1 hour in advance and cancelled no later than 24hrs in advance

We will be running a reduced timetable to allow enough time between classes to clean and prepare thoroughly

All class attendees will have their temperature taken prior to entering reception. If you are feeling unwell in anyway, please do not book or attend any classes at the Yoga Kula studio

Kula Operations Staff will be wearing bespoke facemasks to protect all class attendees. Masks will be compulsory whilst not in practice and discretionary during class. Please bring a facemask with you or you can purchase one at Kula

Touch free hand sanitisers will be available upon exit and entry to all spaces.

Only contactless or card payments are available at Yoga Kula (ie) no cash payments

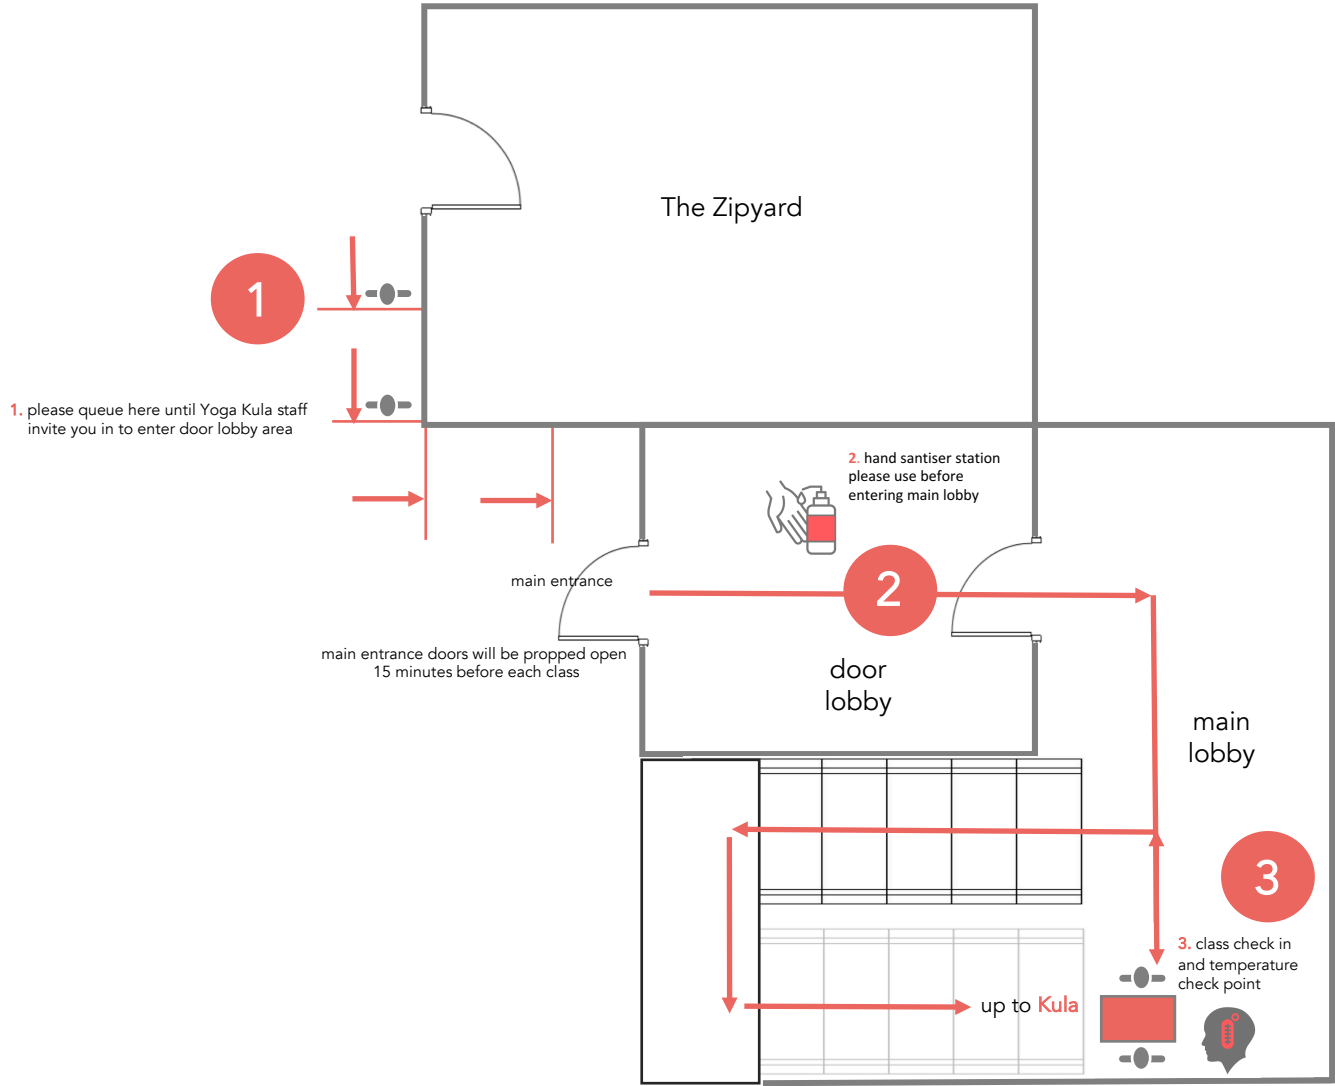

High capacity professional quality HEPA air purifiers approved by the British Allergen Foundation will be installed in all areas

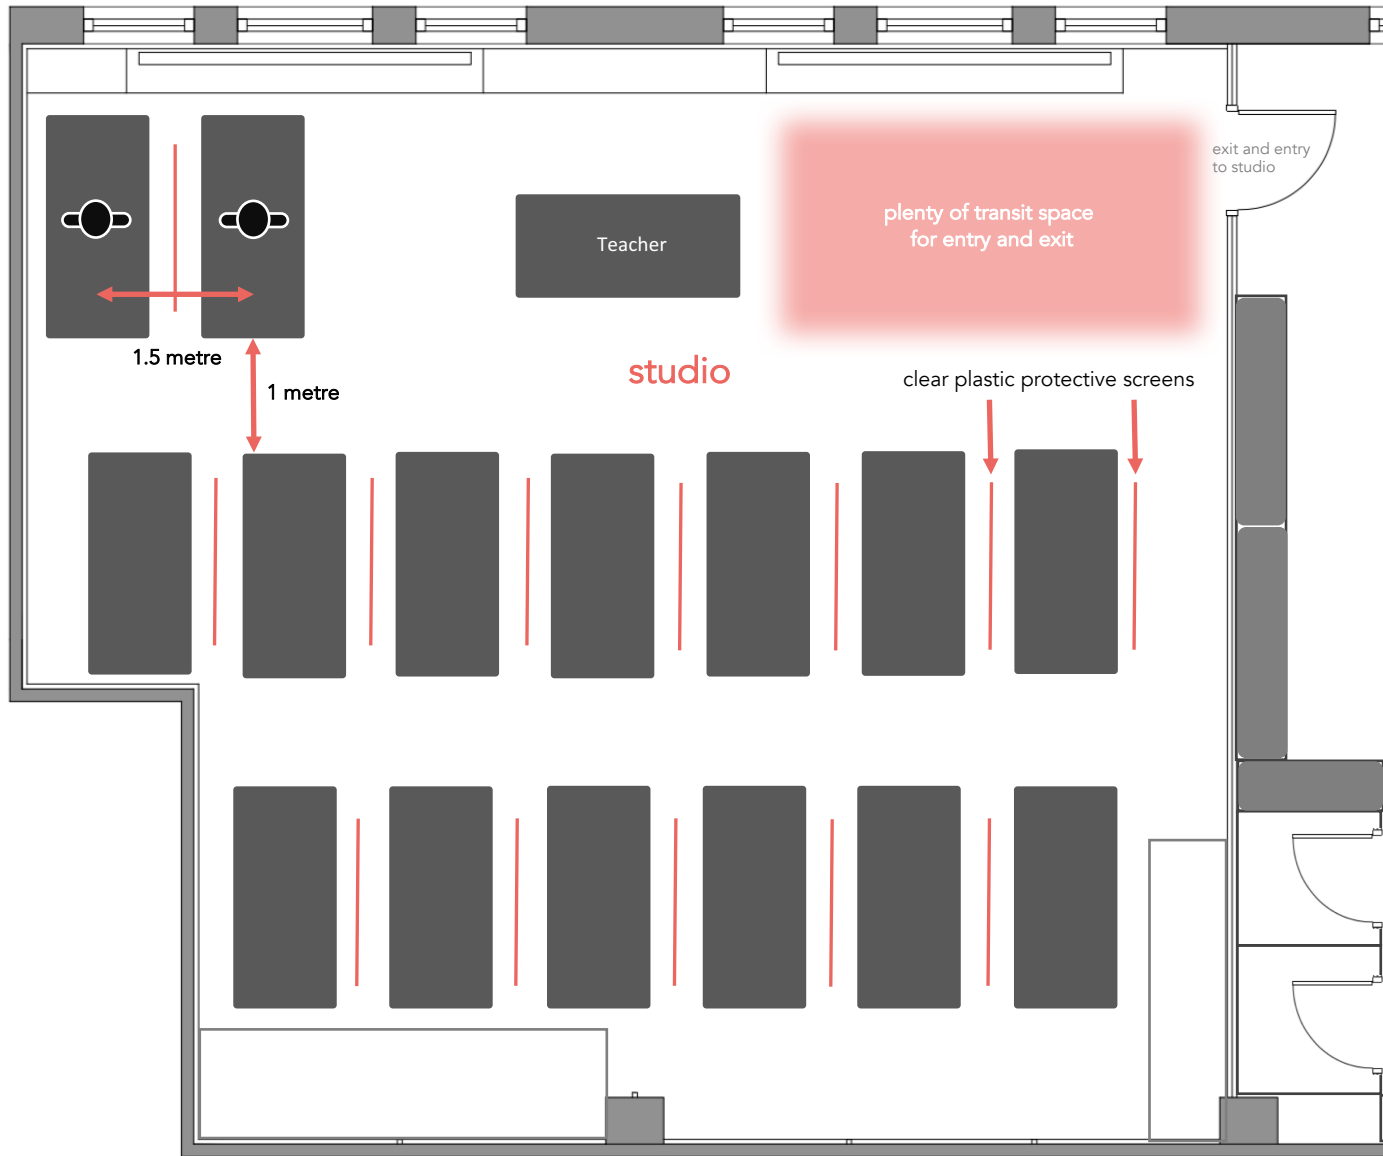

We encourage you to bring your own mats and props. YK props will be available - you will need to clean all YK mats and blocks after use and all YK soft props will need to be handled with a hand towel (please bring with you)

Keeping You Safe At Kula - 2

entering the Yoga Kula building

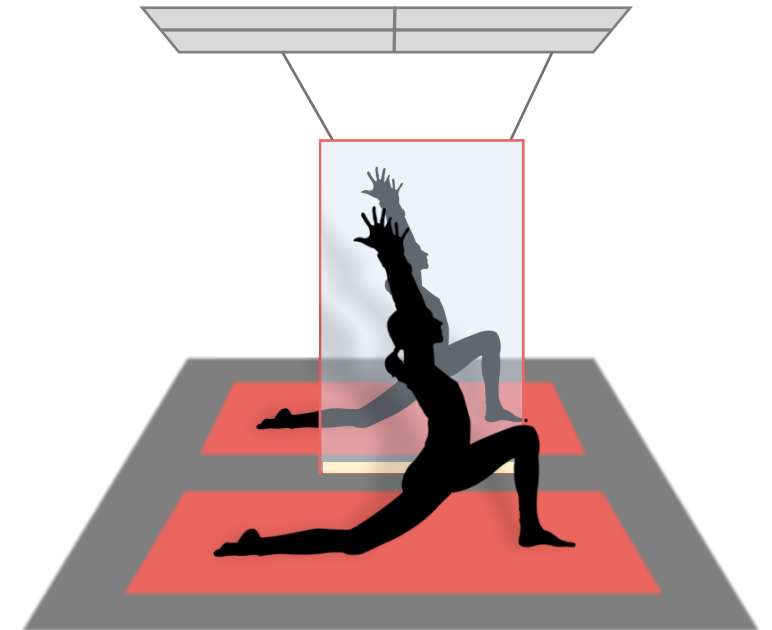

PLEASE FOLLOW THE 3 SIMPLE STEPS ON THIS DIAGRAM FOR YOUR AND OTHERS SAFE PASSAGE IN AND OUT OF THE YOGA KULA MAIN ENTRANCE AND STUDIO

Mats will be placed so that each class attendee is a minimum of 1.5 metres apart from other attendees to each side and a minimum of 1 meter apart from other attendees to the front and back of each mat

Keeping You Safe At Kula - 3

studio distancing and protection

We have installed a clear plastic protective screen between all mats to shield all class attendees during practice
